

2024 SUMMER DRIVER EDUCATION

Enrollment Information and Mandatory Parent/Student Meeting

USD 266 Maize Schools will once again offer summer driver education. Any student who turns 14 on or before Monday, May 27, 2024 and has or will graduate 8th grade by June 1st will be eligible to enroll in summer driver education.

Students will have 31 days (April 10th - May 10th) to complete the coursework online through Google Classroom. Students failing to complete the online portion by May 10th will be dropped from the class and forfeit the \$200 enrollment fee. Students will also complete four, one hour driving sessions starting no earlier than May 27th (*schedule to be determined after class begins*). We prefer that students get an instructional permit at the DMV in advance of the class and spend as much time as possible driving in safe locations with their parents. Practicing with parents before class starts is a plus considering that driver education is only four hours of driving.

Enrollment will be offered on a first come, first serve basis with enrollment limited to the first 150 students to register. Enrollment registration will open at 8:00 AM on Monday, April 1, 2024 and will close on Monday, April 8, 2024 or when enrollment capacity has been reached. **Please enroll early as the class will fill up fast.** To register go to <https://forms.gle/FS5EVD4uKPzR3ZhH9> **(form not accessible until April 1st at 8 AM)**.

Mandatory Enrollment Meeting

The first 150 students to register will receive a Google invite to attend the mandatory enrollment meeting on Wednesday, April 10, 2024 at 6:00 PM in the Maize South High School Auditorium. *A parent or guardian and the student **MUST** commit to attending this meeting. Failure to attend the meeting will result in the student being dropped from the class.* At the meeting, we will discuss the driving schedule, the Kansas Driver's Handbook Test, online class expectations, answer questions regarding the online enrollment form, collect the \$200 enrollment fee, administer eye tests (please bring corrective eyewear if needed), and have you sign the enrollment forms. Students will need to bring any type of license or permit they might already have to the meeting.

The cost of summer driver education is \$200 with payment due in full on the date of the meeting. Students who qualify for free or reduced lunches may apply for waived fees during the enrollment process. **No registrations or late payments will be accepted after the mandatory enrollment meeting on Wednesday, April 10, 2023.**

Kansas Driver Handbook Test

Students who don't have a valid instruction permit or who have an instruction permit that will expire prior to the end of the summer drivers education will be required to take the Kansas Driver Handbook Test. This test will be administered in person at a location to be determined the week after the enrollment meeting. Students who are required to take the test must pass the Kansas Handbook Test at a minimum Mastery Level of 80% in order to complete the course. The student will be given three proctored opportunities to successfully complete this test. For a digital copy of the Kansas Driver Handbook, please click the link below. Print copies of the handbook may be purchased at any local Drivers License Exam Station.
