

D0266 - Maize

Middle School Wellness Policies

D0266 - Maize is committed to providing school environments that promote and protect children's health, well-being and ability to learn by supporting healthy eating, nutrition education, physical activity and integrated school based wellness. Therefore, it is the policy of D0266 - Maize that:

Policies in Place

Nutrition

General Guidelines

All school food service personnel receive required food safety training at a minimum of every 5 years. Continuing education training for all food service personnel meets federal and state requirements.

All school food service personnel receive required food safety training at a minimum of every 3 years.

All school food service personnel receive food safety training annually.

The dining area has seating to accommodate all students during each serving period.

The food service area is clean, orderly, and has an inviting atmosphere that encourages meal consumption.

The dining area has adequate adult supervision.

The dining area has food service personnel and supervisory staff use positive communication cues with students to promote consumption of foods served as part of Child Nutrition Programs.

The students are allowed to converse with one another at least part of the meal time.

Mealtime conversation is not prohibited for the entire meal time as disciplinary action.

Reimbursable meals and/or parts of a reimbursable meal are not withheld or denied as a disciplinary action.

Content of reimbursable lunch and breakfast is identified near or at the beginning of the serving line(s).

Breakfast

All school breakfasts comply with [USDA regulations](#) and [state policies](#).

At least three different fruits are offered each week on three different days. At least one fruit per week is served fresh.

At least five different fruits are offered each week. At least two fruits per week are to be served fresh.

Students have the opportunity to eat breakfast.

District offers at least 15 minutes "seat time" to eat breakfast (not including time spent walking to and from class or waiting in line) or Grab n Go breakfast options are available.

Lunch

All school lunches comply with [USDA regulations](#) and [state policies](#).

At least three different fruits are offered each week. Two fruits per week are served fresh.

One additional 1/2 cup* vegetable offering weekly from any of three vegetable subgroups (dark-green, red/orange, dry beans and peas).

At least five different fruits are offered each week. Four fruits per week are served fresh.

An additional 1 cup* vegetable offering weekly from any of three vegetable subgroups (dark-green, red/orange, dry beans and peas).

Nutrition

Lunch

Students have at least 15 minutes "seat time" to eat lunch not including time spent walking to/from class or waiting in line.

Students have at least 20 minutes "seat time" to eat lunch not including time spent walking to/from class or waiting in line.

All Food Sold in Schools

All food and beverages are in compliance with [USDA's Smart Snacks in School "All Foods Sold in Schools" Standards](#) from the midnight before to 30 minutes after the end of the official school day.

No energy drinks are sold on school property from midnight before to 30 minutes after the end of the official school day.

No energy drinks are sold on school property from midnight before to 5 pm after the end of the official school day.

[USDA's Smart Snacks in School Beverage Standards](#) for middle schools apply to high school (only 100% juice, water, milk).

Fundraising within the school day meets [USDA's Smart Snacks in School "All Foods Sold in Schools" Standards](#) (sans the exempted fundraisers).

During the School Day

Students have access to free drinking water throughout the school day, including during meal service. Hygiene standards for all methods delivering drinking water will be maintained.

Students are allowed to have clear/translucent individual water bottles in the classroom where appropriate.

Schools provide staff information on non-food rewards.

Nutrition Education

Nutrition Promotion

Students provide input on foods offered in the cafeteria.

District promotes participation in the [National School Lunch Program \(NSLP\)](#) and [School Breakfast Program \(SBP\)](#) if applicable and to choose nutritious foods and beverages throughout the day. Menus are posted on school website and/or distributed to families via another method.

Nutrition Education

All students in grades K-12 will have the opportunity to participate in culturally relevant participatory activities, as appropriate, and a variety of learning experiences that support development of healthful eating habits that are based on the most recent [Dietary Guidelines for Americans](#) and evidence-based information.

Include nutrition education as part of physical education/health education classes and/or stand-alone courses for all grade levels, including curricula that promote skill development.

Active classroom learning experiences are provided such as involving students in food preparation or other hands-on activities at least once a semester.

Include nutrition and health posters, signage, or displays in the cafeteria food service and dining areas that are rotated, updated or changed quarterly.

Physical Activity

General Guidelines

All students in grades K - 12 have the opportunity to participate in moderate to vigorous physical activity at least 2 times per week during the entire school year.

All students in grades K - 12 have the opportunity to participate in moderate to vigorous physical activity 3 or more times per week during the entire school year.

District encourages extra physical activity time as an option for classroom rewards.

Physical Activity

Throughout the Day

Structured physical activity opportunities, in addition to physical education and recess (where applicable), are encouraged for all students.

Physical Education

Physical education is taught by teachers licensed by the Kansas State Department of Education.

Physical education teachers are licensed and participate in physical education and/or physical activity specific professional development every 2 years.

Physical education teachers are licensed and have advanced certification and/or education.

The physical education curriculum is sequential and consistent with Kansas State Board of Education approved physical education teaching standards for pre-kindergarten through grade 12.

Physical Education teaches basic motor skills, enhances knowledge of concepts related to movement needed to achieve and maintain health for lifetime physical activity.

District offers lifetime sports and fitness classes/opportunities.

Middle school students are offered physical education at all grade levels and receive 90-119 minutes of physical education per week, which includes at least 50% of the minutes engaged in moderate to vigorous intensity activity.

Middle school students are offered physical education at all grade levels and receive 120-149 minutes of physical education per week, which includes at least 80 minutes of moderate to vigorous intensity activity.

Middle school students are offered physical education at all grade levels and receive 150+ minutes of physical education per week, which includes at least 100 minutes of moderate to vigorous intensity activity.

Physical education curriculum encourages a multi-dimensional fitness assessment.

Physical education curriculum includes fitness assessment of at least 50% of all students enrolled in physical education and student fitness reports are available to parents.

Before & After School

Extracurricular physical activity programs, such as a physical activity club or intramural programs, are offered.

Extracurricular physical activity programs, such as a physical activity club or intramural programs, are offered, with input from students, and meet the needs, interest and abilities of a diverse student body.

Extracurricular physical activity programs, such as a physical activity club or intramural programs, are offered through partnerships with community organizations and resources.

An assessment on walking and/or biking to school has been completed to determine safety and feasibility.

Family & Community

Community members are provided access to the district's outdoor physical activity facilities.

Integrated School Based Wellness

General Guidelines

The school wellness committee makes appropriate updates or modification to wellness policy based on assessment and an update on the progress toward meeting the State Model Wellness Policy is made available to the public, including parents, students and the community.

The wellness policy assessment and progress toward meeting the State Model Wellness Policy are presented to school and district staff.

Annual staff wellness activities and/or professional development opportunities related to nutrition, physical activity, mental health, and abstaining from tobacco and e-cigarettes are provided to encourage school staff to serve as healthy role models. Staff wellness activities and training may also include additional components of the [Whole School, Whole Community, Whole Child Model](#).

Integrated School Based Wellness

General Guidelines

Complete the [CDC School Health Index](#) bianually.

Annually partner with local health agencies and community organizations.

Each semester, partner with local health agencies and community organizations.

Quarterly, partner with local health agencies and community organizations.

District Wellness Committee will discuss the development of a [farm to school program](#).

Farm to school activities conducted annually in one or more schools.

Farm to school activities conducted each semester in one or more schools.

The local school wellness policy committee meets at least twice per year.

D0266 - Maize

Middle School Wellness Policies

The following Wellness Policies are in the process of being developed:

Developing Policies

Physical Activity

Before & After School

The school has developed a walk and/or bike to school plan and encourages students to walk and/or bike to school based on safety and feasibility assessment.

Integrated School Based Wellness

General Guidelines

Facilitate the integration of a [farm to school program](#) and curricular activities including hands-on activities as appropriate to facilitate the nutritional and educational goals in 50% of the schools.

Facilitate the integration of a [farm to school program](#) and curricular activities including hands-on activities as appropriate to facilitate the nutritional and educational goals in 75% of the schools.

The following students, parents, classroom teachers, food service professionals, physical education teachers, health professionals, administrators, school board members and other interested community members are engaged in developing, implementing, monitoring, reviewing and making the district wide wellness policies available to the public:

Megan Barnard, Chairperson

Brandi Clarke
