

COVID Case Protocol Flow Chart

Effective Jan. 11, 2022 and subject to change based on policy/guidance.

If you test positive for COVID-19:

- **Individuals must be isolated at home for a minimum of 5 days after the onset of symptoms.** Additionally, you must be fever-free without fever-reducing medication and feeling well for at least 24 hours. return to work/school with a face mask on for 5 additional days upon return. Those with proof of a current negative test* on any of those additional 5 days upon return may remove their face mask at work/school.
- **If you are positive but symptom-free,** you must be isolated at home for 5 days after the COVID test was taken. **If you have been fever-free and feeling well for at least 24 hours,** return to work/school with a face mask on for 5 additional days upon return. Those with proof of a current negative test* on any of those additional 5 days upon return may remove their face mask at work/school.
- ***Tests must be clinical and not home tests.**
- Or individuals may be isolated at home for a minimum of 10 days after the onset of symptoms and fever-free without fever-reducing medication and feeling well for at least 24 hours. Individuals following this option do not need to wear a face mask upon return to work/school.

If you have a household contact who has COVID, they are considered a high-risk contact because of continuous exposure in the home. A face mask needs to be worn upon return.

- If you are vaccinated and/or have had a positive COVID test in past 6 months and are isolating in the home and are asymptomatic: **Come to school/work masked.**
- If you are vaccinated and/or have had a positive COVID test in past 6 months and are unable to isolate and are asymptomatic: **Come to school masked and complete 7 days testing.**
- If you are unvaccinated and are isolating and are asymptomatic: **Come to school masked and complete 7 days of testing.**
- If you are unvaccinated and unable to isolate and asymptomatic: **Stay home for 10 days, then come to school masked and complete 7 days of testing.**
