

Welcome back Maize South Elementary families! Due to complications from COVID-19 and in a continued effort to keep all students safe, the parent pick-up procedures in place for the 2020-2021 school year have changed from last year. The parent pick-up and drop-off will now take place on the west side of the building in the area that was previously the bus loop. Traffic will move one way through the loop. Please make sure a QR code for EACH of your students is displayed prominently in the passenger side windshield, do not leave gaps in the line, remain in your vehicle, and pull up to the FARTHEST possible drop off or pick up point. If you are in need of assistance, please roll down your window and an attendant will visit with you.

QR Codes at MSE for Parent Pick Up

****Even if you do parent pick up infrequently please keep the QR code in your car for use.**

REASON:

- To assist in security and efficiency of parent pick-up after school
- There is **NO** other personal information attached to this QR code. It simply sends a response to office staff that a student was picked up and the time of pick-up

PLACEMENT OF CODE:

- Please place this code in any/all vehicles that are used for pick-up
- Affix(tape) to lower front windshield (passenger side), for the easiest scanning. Please **DO NOT** hold the QR code, this will delay scanning.
- Copies may be made by parents. Please give to **all** parents/guardians who will pick-up
- Failure to have this placed in the car will result in delays in the pickup line

Questions about the QR codes: please visit with Mr. Chalashtari
